QUICK ADJUSTABLE PIPE CUTTER PRO

The Quick Adjustable Pipe Cutter Pro is a high-performance tool designed for fast, precise pipe cutting. Its quick-moving mechanism allows efficient operation across a wide cutting capacity of 4 to 40 mm. Built with a durable aluminium body, zinc alloy turning knob and hardened HSS cutting blade, it delivers long-lasting reliability and accuracy. Lightweight and ergonomically designed, it ensures safe, controlled use for professional and DIY plumbing or metalwork applications.

Features and Benefits

- Cutting capacity from 4 to 40 mm for versatility
- Quick-moving mechanism for fast and efficient operation
- Durable aluminium body with painted finish for strength
- Zinc alloy turning knob for smooth adjustment
- Hardened HSS blade with HRC60 ±2 for precise cuts
- Compact and lightweight design for ease of use
- Provides safe and controlled pipe cutting
