
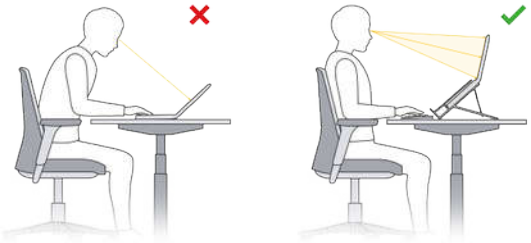
Ergo-Top 320 Circular

Bakker Elkhuizen

The Ergo-Top 320 Circular is a laptop stand made of sustainable materials.

The Ergo-Top 320 Circular is a laptop stand made of sustainable materials. It brings your laptop screen to the optimal height and viewing angle and it also has an integrated document holder to place your documents, tablet, or mobile phone.



Ergonomic background

The laptop is not suitable for longer use without external equipment. If the laptop is used for more than two hours at a time, external devices are required to meet legal and best practice requirements. To be able to work comfortably and productively with a laptop for a long time, a laptop stand, an external mouse and an external keyboard are indispensable. If you use an external monitor and place the laptop screen at the same height, both can also be used as a dual screen.
