TTO480 Tool Box With Tote Tray & Organiser

Product Information :

Manufactured from an attractive red and black, impact resistant, high-density plastic, this toolbox allows you to effectively store hand tool and smaller components. Comprised of an internal eight compartment tote tray and a stacking sixteen compartment organiser, the product also boasts locking clasps and a sturdy plastic handle that also locks lid shut when lifting. Finished with a moulded metric scale on the lid, full length piano hinge and a padlock eye.

Features and Benefits
- Possesses an integrated, moulded metric measuring scale on the lid to allow you to measure materials easily
- Ergonomic and robust plastic carry handle to allow you to transport your tools
- Has sturdy lid locking latches as well as a padlock eye to secure your tools (padlock sold separately)
- Full length piano hinge ensures easy opening and closing and better access to your tools when you need it

Typical Applications
- Ideal for professional use on construction sites as well as for more domestic and general purpose uses by DIY enthusiasts and hobbyists

EAN Code - 5036140018013
