28" Roller Cabinet, Professional Range, Grey/Red, 7 Drawers

This heavy gauge steel roller cabinet features 7 drawers of varying sizes, providing an efficient storage solution for tools in organised and accessible arrangements

Features and Benefits

- Fine powder-coated finish resists rust and wear
- Non-slip EVA mats and drawer liners protect tools from damage
- Fully opening drawers with ball bearing slides for smooth access under load
- Ergonomic side handle can be fitted on either side for easy movement
- 125 mm PP castors with brakes provide stability and support heavy loads
- Integrated safety system prevents more than one drawer opening at a time
- Strong keyed locking mechanism enhances tool security
- Available with tool inlays, accessories and spares for customisation
