Dolley trolley - data sheet

When it comes to solving "weighty" transportation and storage problems, the highly manoeuerable ZARGES dolley trolleys are indispensable, economical helpers.

They literally make light work of handling and transporting heavy loads comprising individual or stacked ZARGES containers.

→ Aluminium chassis
→ Running gear: 2 swivel and 2 fixed castors, Ø 125 mm,
40 mm wide, easy running, rubber wheels, "non-marking",
roller bearings, thread guards

Dimensions table

RS article number	To suit	Outside dimensions of container (L x W, approx. mm)	Weight (approx. Kg)
6693591	ZARGES K470 containers - RS stock code: 290-2784 - RS stock code: 290-2790	800 x 600	5.50
