Product Code: KEN5976750K
Brand : Kennedy

7.1/2" CARPENTERS ROSEWOOD SLIDING BEVEL

Product Information :

Used for marking regular and irregular angles, these sliding bevels are ideal for use in woodworking and carpentry where angles are required to be transferred between timber. The sliding steel blade can be locked into any position using the brass thumbscrew. Each product is manufactured from a rosewood stock with brass tips for greater wear resistance and is available in two sizes.

Features and Benefits
- Manufactured from rosewood stock and brass tips making for a robust product
- Sliding steel blade offers durability and holds a good cutting edge
- Brass thumbscrew allows the blade to be locked into any position for versatility of use
- Possesses a good wear resistance due to the hard-wearing construction

Typical Applications
- Carpentry
- Woodworking

EAN Code - 5036140015326
