DATA SHEET

Product Code: KEN6010120K
Brand : Kennedy

3/16" A/F HEXAGON WRENCH

Product Information :

These standard length hexagon keys are manufactured from fully hardened chrome vanadium steel, ensuring a quality ductile key. Finished with a black oxide coating with precision square cut ends and accurate imperial dimensions to ensure full socket contact. Available in a range of sizes.

Features and Benefits
- Precision square cut ends make for a positive fit with hexagon head sockets
- Black oxide finish bolsters the product's resistance to corrosion as well as more general wear and tear
- Manufactured from chrome vanadium steel for optimum durability
- Available in a variety of imperial sizes to suit your requirements

Typical Applications
- Bicycle Repair and Maintenance
- Furniture Assembly

Standards
- DIN ISO 2936

EAN Code - 5036140144804
