Product Code: KEN6031680K
Brand : Kennedy-Pro

PRO-TORQ TORX FOLDING HAND CLIP SET T9-T40 (8-PCE)

Product Information :

This product contains eight chrome molybdenum steel TX driver keys supplied on robust plastic clip. The simple design allows you to effectively keep all sizes together and readily available for use. The keys then conveniently fold up to a handy pocket size with penknife type storage. Finished with the wrench size stamped on clip and a black oxide finish on the keys.

Features and Benefits
- Folds up to save space in your toolbox
- Plastic clip keeps all 8 sizes together in one place for convenience
- Wrench size is stamped on the clip for ease of identification and selection of the right tool
- Drivers are manufactured from chrome molybdenum steel whilst the clip is constructed from durable ABS plastic for overall tool longevity
- With a black oxide finish to protect the drivers from corrosion as well as more general wear and tear

Typical Applications
- Construction
- DIY
- Engineering

EAN Code - 5036140017382
