ROLINE Monitor Cable, DVI M - DVI M, (24+1) dual link 1 m

Supplier:	**ROLINE**
Article Number:	11.04.5521-25
Pieces per Packing Unit:	25

Description

DVI is a video interface standard designed to provide very high visual quality on digital display devices such as flat panel LCD computer displays and digital projectors. It was developed to replace the VGA connector standard. It is designed for carrying uncompressed digital video data to a display.

- Advantage: No quality loss during digital/analog conversion
- Colour: Black
