SAFETY LOCKOUT PADLOCKS
TECHNICAL DATA SHEET

spectrum industrial

Ribbed Nylon body for easy gripping and handling. Compact high security padlocks are individually keyed to differ with a 6-pin lock mechanism which will not release the key until the shackle is closed.

Benefits of Safety Lockout Padlocks:

- 6-pin precision-machined cylinder for extra security.
- Non-conductive, non-sparking reinforced Nylon body.
- Resistant to chemicals and corrosion.
- Colour coded for easy identification with a photoluminescent label.
- Key retaining feature.
- Can be Etched with numbers/serials/initials
- Individually keyed locks for optimum security.
- Each padlock is supplied boxed with 1 key and keyring.
