Product Code: MTL6627070K
Brand : Matlock

8-11mm TWO EAR STYLE ZINC PLATED O-CLIPS

Product Information :

Available in varying sizes and in either a single or double ear style, these O-clips are suited for use on air, fluid, gas and steam lines as well as in most low pressure hydraulics applications. Manufactured from zinc-plated mild steel these medium pressure hose clips are widely used for maintenance and OEM applications. The clips one-piece design offers a positive, tamperproof seal without damage to the hose, assures adequate closure and compensates for tolerance variations in hose sizes.

Features and Benefits
• Manufactured from mild steel for durability and resilience
• BZP (Bright Zinc Plating) finish for additional protection against corrosion
• Available in a range of sizes and two styles to suit your application
• One piece design makes for a tamperproof product
• Rounded off edges protects the hose from any damage from the clip

Typical Applications
• Automotive
• Engineering
• Agricultural
• Electrical

Standards
• DIN 2393 C

EAN Code - 5036140322264

PRODUCT ATTRIBUTES

Band Width	- 6.5mm
Capacity	- 9 - 11mm
Clamping Range	- 8 to 11mm
Description	- Twin Ear Style
Fastening Method	- Pinch
Leading Standard	- DIN 2393 C
Material	- Mild Steel
Pack Quantity	- 100
Product Type	- O-Clip (Two Ear)
Standards Met	- DIN 2393
Surface Treatment	- Zinc Plated
Type	- Twin Ear Style
