## 13-20 DOUBLE EAR O-CLIP & PINCER KIT 165-PCE

Product Information :

Suited for use on air, fluid, gas and steam lines as well as low pressure hydraulics applications, these double ear o-clips are manufactured from zinc-plated mild steel. Supplied complete with pincers, the set contains 165 pieces with a size range of 13T to 20T. Supplied in a plastic box.

Features and Benefits
• Manufactured from mild steel for durability
• Bright Zinc Plating (BZP) further bolsters protection against corrosion as well as general wear and tear
• Supplied with pincers to help place and remove the clips
• Supplied in a plastic storage box to help keep your clips organised easily

Typical Applications
• Agricultural
• Automotive
• Electrical

Standards
• DIN 3017

EAN Code - 5036140242166
