MATLOCK

DATA SHEET

Red/White Z Barrier System, Size 2

This rapidly deployable pedestrian barrier system enables one person to carry and erect a high-visibility, temporary barrier - and all within a matter of minutes.

Features and Benefits

- Quick and easy to put up, offering immediate barrier control in any environment
- Elastic properties to expand and fit between points, with no need to cut to length
- Manufactured from unique, reinforced PVC-based double-sided warning tape
- Hi-vis day glow pattern on one face, night reflective pattern on the other
- Easily fastened to any anchor point or each other
- Inherently shock absorbing and can resist any degree of wind load
- Material: PVC
- Expansion range: from 2 to 4m
- Fixing method: Excavated, surface mounted
