DATA SHEET

Product Code: OXD3307262K
Brand : Oxford

24"/605mm VERNIER CALIPER FINE ADJUSTMENT

Product Information :

High quality, made-to-last Vernier Caliper with fine-adjustment to help with slider positioning.

Features and Benefits
• Give four types of reading - inside, outside, depth and step
• Dual reading scale (metric and inch) with 14° bevelled vernier scale - for reduced parallax reading error, fine adjustment assembly and knurled locking nut
• Manufactured from hardened stainless steel for rigidity with satin finish - this product is designed to last

EAN Code - 5036140482050
