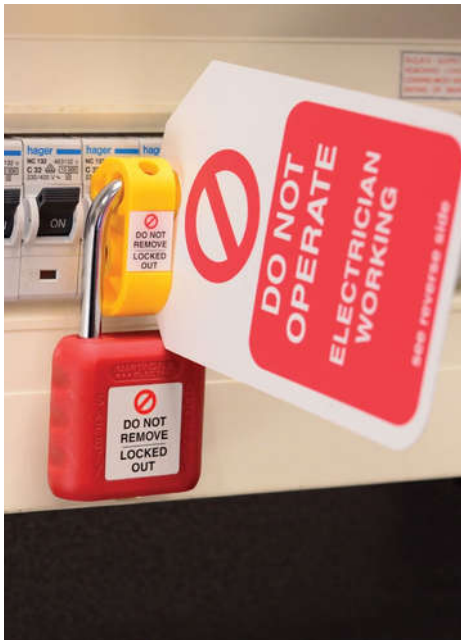
MARTINDALE ELECTRIC

Keeping You Safe

LOKKIT1

Comprehensive lock out kit

Technical Data



Key features

The 12 item kit includes:

- Padlock with unique key (PAD11RD)
- Hasp (LOKHASP25)
- MCB Isolation lock kit (LOKMCB 5 pieces)
- Yellow MCB lock, 10mm clip (LOK10)
- Red MCB lock, 6mm clip (LOK11)
- “Equipment locked out” tags which can be written on (TAG4 pack of 5 tags)
- Black marker pen (LOKMP)
- TC55 soft carry case (TC55)

The LOKKIT1 is a comprehensive lock out kit enabling safe isolation procedures to be carried out in a wide range of facilities. The Martindale universal lock out kit is compatible with most circuit breakers. It is supplied with a padlock that has its own unique key, both of which have serial numbers for ease of identification. The safety hasp allows multiple users to safely work on the same circuit with space for up to 6 padlocks.

The kit includes 8 different locking devices for simple fitting to MCBs, RCBOs and fuse holders. The professional plastic bodied padlock for securing the locking devices has a 6mm hardened steel shackle. The kit has 5 warning tags and a marker pen, all in a durable case with space for storing additional accessories.
