RAGNI HAND-FORGED SPECIALIST TOOLS

SERRATED KNIFE - R309
Double ended - both blades hand ground and sharpened. Blade shapes designed specifically for intricate work: moulding, modelling, cutting (plaster/clay/wax), spreading mastic for mosaics, archaeology.

LEAF AND SQUARE - R308
One size. Flexible, forged carbon-sprung tempered steel. Precision hand grinding achieves a blade thickness of 1.5mm to 0.7mm at the tip of the trowel. Used for plastering, pointing, fine brick work, decorating, clay modelling and racking out.

TROWEL AND SQUARE - R317, R316, R315, R314, R313
Available in 5 sizes. Flexible, forged carbon-sprung tempered steel. Precision hand grinding achieves a blade thickness of 1.5mm to 0.7mm at the tip of the trowel. Rod is 10mm thick. The square tapers from 1.7mm to 1mm. Tools crafted for maximum flexibility - without distortion.

RAGNI PROTECTIVE TROWEL WALLET

The Ragni trowel protective wallet comes in four sizes: 11", 14", 16" & 18".

- Tough, hard-wearing, water repellent.
- Holds Ragni trowel & blade protectors.
- Secure easy access from both ends.
- Strong, smooth snag-proof interior.
