IP Rating	IP54
Color Code	ANSI 61
Item no.	F126LE9A

Description: Lay-in Hinged-Cover 90-Degree Elbows are used for right-angle wireway installations. Because sections of lay-in wireway can be mounted with covers oriented in any direction, three different 90-degree elbows are available. Proper selection allows the user to maintain the same access and thereby preserve the lay-in feature for right-angle installations.

Lay-in Hinged-Cover 90-Degree Elbows are used for right-angle wireway installations. Three different 90-degree elbows are available.
