DDR4 2666 280-Pin UDIMM Desktop memory

Product Highlights:

- Improves performance on your desktop
- High speed DDR4 memory
- Easy to install
- Simple upgrade
- Lifetime limited warranty

Capacities:

8GB (2666MHz)
16GB (2666MHz)
32GB (2666MHz)

The simple way to boost your desktop performance

The Lexar 288-Pin DDR4 SDRAM Desktop Memory lets you wake up your PC with a performance upgrade that gives you faster startups, increased responsiveness, and quicker application load times. With its simple installation, you'll be up and running in no time, so you can multitask with ease.

Take the next step in high computing performance. Having multiple applications open at once can decrease your computer's performance. By installing the Lexar 288-Pin DDR4 SDRAM Desktop Memory you can continue multitasking without the need for unnecessary slowdowns.

There's no room in your day for slowdowns. Data-intensive apps should never slow down your performance. So whether you're browsing the internet, working on spreadsheets, or uploading photos, the Lexar DDR4 memory gives you the boost you need to multitask with ease.

Simple installation. With limited steps to install your Lexar DDR4 memory, you'll get a boost in your computing performance in no time.

Easy upgrade. Get better performance without having to buy a new system. With a simple upgrade to the Lexar DDR4 memory, you'll add a much needed boost to your computer.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and solid-state drives. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores.
