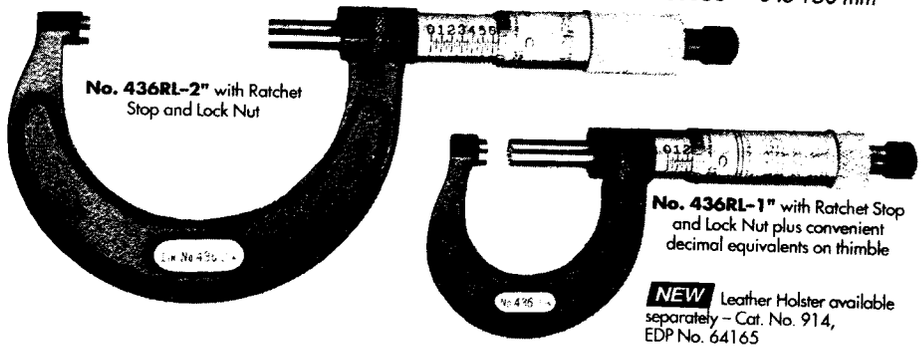
# Outside Micrometer Calipers

## No. 436 Series—*0 to 6 Inch* No. 436M Series—*0 to 150 mm*



**No. 436RL-2"** with Ratchet Stop and Lock Nut

**No. 436RL-1"** with Ratchet Stop and Lock Nut plus convenient decimal equivalents on thimble

*NEW* Leather Holster available separately – Cat. No. 914, EDP No. 64165

Precision performance combined with strength, rigidity, lightness and moderate price. Forged frames, ribbed for extra strength, have black enamel finish and are tapered for use in narrow slots and tight places. Advanced design with correct thimble diameter for perfect balance, easy handling. Satin chrome finish on sleeve and thimble. Staggered lines and distinct figures on sleeve. Quick-reading figures on thimble with every thousandth numbered. Micro-lapped finish on anvil and spindle faces. One-piece hardened spindle with threads ground from the solid and stabilized. One inch micrometers have convenient decimal equivalents on the thimble.
