Reggio

020VA2PF9

Hi-vis ECO jacket with ARC protection

The Reggio hi-vis jacket really stands out. Not only because of its double stitched reflective FR strips, but also because of its looks. The flaps of the chest and waist pockets are finished with a piping in contrasting colour. The jacket with arc protection is anti-static and not only protects against heat and metal splashes, but at the same time it feels comfortable to wear. This is the result of the light, inherently flame-retardant, breathable and supple fabric of which it is made. The Reggio is shrinkage and pilling resistant, even after frequent washing. The reinforced seams increase the lifespan of the jacket.

IEC 61482-2: 2009	EN ISO 11612: 2015	EN ISO 11611 2015	EN 1149-5: 2008	EN 13034: 2005 +A1:2009	EN ISO 20471: 2013 +A1:2016
