GEARWRENCH

# 22 Piece SAE/Metric Magnetic Ball End Long Arm Hex Key Set

83526

## Features

- Keys made with alloy steel for maximum strength and to resist rotational distortion
- Chamfered edges on both ends help guide the key into the fastener smoothly and quickly
- Ball end design provides greater access, increasing entry angle to 25 degrees
- Magnetic end offers efficiency by keeping key attached to fastener in tight work areas
- Short or long side can be used, providing better access and speed in all situations
- Sizes clearly marked on caddy for easy identification
- Meets or exceeds ASME standards.
- Includes caddy for storage and organization

## Specifications

- ASME Specification : Meets or Exceeds
- Number of Keys : 22
- Ball End : Yes
- Overall Length : 7.0
- Size : 0.05 in 1/16 in 5/64 in 3/32 in 7/64 in 1/8 in 9/64 in 5/32 in 3/16 in 7/32 in
  1/4 in 5/16 in 3/8 in 1.5mm 2mm 2.5mm 3mm 4mm 5mm 6mm 8mm 9mm 10mm
- Packaging : Carded
- Weight (Catalog) : 1.646
- Warranty : Full Lifetime
- Length Format : Long Arm
- Set Size Range Min : 0.05 in1.5mm
- Magnetic : Yes
- UPC : 099575835261
- Set Size Range Max : 3/8 in10mm
- Included Storage : Plastic Caddy
- Set Piece Count : 22
- Material : Alloy Steel
