Recyclable through approved facility

Fully Recyclable Product

A clothing revolution is changing the way garments are made and how wearers interact with brands. Envirowear has been designed to be recycled using only mono-fibre design principles, each fabric, trim and accessory is carefully selected to ensure recyclability.

Once garments reach the end of their useful lives, they are returned for recycling. The recycled polyester generated from this unique recycling process can be made into yarn and used in all kinds of polyester clothing and accessories.

- 240gsm Mechanical Stretch GRS certified 100% recycled polyester twill with recycled polyester canvas knee pad pockets.
- Teflon EcoEliteTM water repellent finish.
- YKK Natulon rPE zip fly.
- Bellowed cargo pockets with polyester velcro closure
- CTF Infinitee logo, Designed To Be Recycled through Project Re: Claim.
- Retro reflective Envirowear branding
