TECHNICAL SHEET

tirsafe™ T3 Horizontal Life Line 150kg

Ref.: T- 2289/UK
Revision: 00
Date: 09/2019

Application

The life line tirsaf™ kit is selling with a tirfor™ T3 , a tirsafe™, a wire rope 20m or 30m meter with a connector MR9 and 2 slings of 2 meters.
The tirsafe™ is a shock absorbing anchorage device, designed for attaching 8 mm wire rope lifelines.
It performs three functions:
Pretensioning indicator/shock absorber/fall indicator.
It is simple and quick to fit, and can be used with a tirfor™ T3 tensioner fitted with a galvanised wire rope, minimum diameter 8 mm and maximum length 30 m.
Once it has been fitted, the temporary lifeline equipped with the tirsafe™ can take 3 peoples of 150kg simultaneously

Features :

Code No.	Description	Min. qtity	Size L x W x H mm	Weight kg With packaging	Description
280559	Tirsafe™ 150kg 20m	1	600x400x200	17.00kg	Cardboard box
276149	Tirsafe™ 150kg 30m	1	600x400x200	19.31kg	Cardboard box
Optional accessories					
006139	tirfor™ T3 tensioner	1	470X100X350	7.88kg	Cardboard box
066688	INRS™ absorber	1	190X30X122	1.07kg	PU BAG
