Filtering half mask

# FS-233V FFP3 NR D

| Certificate | Date of issue | Standard | Protection class |
|---|---|---|---|
| UE/897/2023/1437 Edition 1 | 20/07/2023 | EN 149:2001 + A1:2009 | P3 |

Certification body:

CIOP-PIB 1437
Central Institute for Labour Protection – National Research Institute

Supervising body:

CIOP-PIB 1437*
Central Institute for Labour Protection – National Research Institute

**Folding half mask with a panel construction, which takes the shape of a bowl when unfolded. The smooth adjustment of the head straps and the nasal seal allow you to achieve the required tightness, which allows for very good sealing of the half-mask to the user's face.**

## Intended use

For protecting the user's respiratory tract against the harmful impact of air pollution in the form of solid and/or liquid particles forming aerosol (dust, fumes, mists) up to 30 × TLV.

## Application

High concentration of respirable dusts, used for welding and soldering, protects against dusts containing beryllium, antimony, arsenic, cadmium, cobalt, nickel, radium, strychnine, radioactive particles.

## Description

Respirator bowl:

- Needled polyester non-woven fabric
- Melt blown polypropylene nonwoven fabric
- Cover fabric
- Panel construction

Additional elements:

- Exhalation valve
- Nose clip to seal the half mask around the nose
- Polyethylene foam nose seal
- Head straps slider to adjust their length
- Head strap

## Requirements

The mask meets the latest requirements:

**Regulation (EU) 2016/425 of the European Parliament and of the Council of 9 March 2016 on personal protective equipment** and repealing Council Directive 89/686/EEC.

## Contraindications

The mask must not be used under low-oxygen conditions (below 17%), which means that it is forbidden to use it in confined spaces, such as canals, manhole shafts, tanks. Also, the mask does not protect against vapours and gases that are harmful for health and pose a life hazard. Do not use while extinguishing fire. The mask does not supply oxygen. The mask will not provide adequate facial fit for people with unshaved or bearded face.
