PAINTBRUSH COLLECTION

A professional collection of paint brushes from Cottam comprising of two 1" brushes, two 2" brushes and a 3" brush. Solid beech handles, stainless steel ferrules and high-quality synthetic filament (tapered and flagged) set the standard for this quality collection.

- ✓ A professional collection of paint brushes from Cottam comprising of two 1" brushes, two 2" brushes and a 3" brush.
- ✓ Each brush is packed with synthetic filament, each strand tipped and flagged, to maximise brush loading, delivery and lay-off for that flawless finish.
- ✓ The solid beech handles each feature a laser engraved texture to allow for better brush grip and great brush control.
- ✓ The stainless-steel ferrules, synthetic filaments and solid beech handles are manufactured to last, a brush collection that is easy to clean and re-use time and time again.
- ✓ Best performance and finish seen when used with modern water-based paints (emulsions, silks, eggshells, satins, glosses, etc)
