Product Description

KleenGuard® gloves are designed to protect hands for general purpose jobs, when product and process protection is key. Each ambidextrous pair of gloves is available in a choice of five sizes with colour-coded cuffs offering PPE category 1 protection. Perfect for automotive or aerospace environments or any tasks where the low linting and silicone free features are required to avoid reworking. The seamless knit shell eliminates the risk of skin irritations and increases breathability and comfort. For other glove sizes, see product codes 38716, 38717, 38718 and 38720. 10 bags x 24 ambidextrous, white gloves, XL, (240 total)

Product Data Sheet for KleenGuard® G35 Nylon Gloves - 24cm Ambidextrous / White
