

PRODUCT NUMBER: NF11HD

Cold Grip - NF11HD

Handling in cold conditions of damp, oily or greasy parts. Ideally suited to tasks where workers need protection from the cold, but don't want to give up comfort and dexterity.

Honeywell

Overview

Reference Number
NF11HD

Product Type
Gloves

Range
Thermal Protection

Line
Cold Protection

Brand
Honeywell

Brand formerly known as
NORTH

Industry

- Building and Construction
- General Industry

- Logistics
- Maintenance
- Offshore

Product Use
Handling in cold conditions of damp, oily or greasy parts. Ideally suited to tasks where workers need protection from the cold, but don't want to give up comfort and dexterity.

Features & Benefits

Feature
Blue polyamide knitted glove 3/4 Black foam PVC HPT (hydropellent technology) coating Seamless brushed synthetic liner Elastic knitted wrist

Benefit
COMFORT The ergonomic seamless knit construction conforms better to the natural shape of the hand for greater strength and durability, superior comfort. Encapsulated air molecules provide a vibration absorption feature Coating won't stiffen when cold, so glove retains its flexibility RESISTANCE The Polyamide yarn reduces linting for the most sensitive applications and can be easily laundered for extended use. The foam PVC HPT is a soft, durable and flexible coating that repels liquids to provide a firm wet or dry grip. You need less pressure to handle an oily piece. It also provides an

© Honeywell International Inc.

excellent abrasion resistance equal to heavier gloves. The 7 gauge brushed synthetic liner ensures superior insulation from the cold down to -20ºC. HYGIENE The dark colors make the glove less dirty.

Technical Description

Description
Blue polyamide knitted glove 3/4 Black foam PVC HPT (hydropellent technology) coating Seamless brushed synthetic liner Elastic knitted wrist

Product Technology
Knitted dipped

Gauge
15 outer glove 7 inner glove

Glove/liner color
Blue / black

Coating Type
PVC HPT

Length
25 cm

Harmlessness
In conformity with the European standards.

Dexterity
Class 5

Sizes
9L, 10XL, 11XXL

EN 388 - Mechanical Hazards Abrasion Resistance

Abrasion resistance	2
Cutting resistance (Coupe test)	2
Tear resistance	3
Puncture resistance	1
Cutting resistance (TDM test)	X

EN 511- Protection in cold temperatures:

Resistance to conductive cold	X
Resistance to contact cold	2
Water permeability	X

Certifications

EU Category PPE
2

EU Certification
0075/797/162/06/18/1061
