

X10 Midi Sounder

The X10 Midi sounder is an industrial signaling alarm, available in 4 fade resistant body colours, and high and low voltage variants. It is certified to IP66 and IP69K, and verified to operate at extreme temperatures -40°C to 70°C, and is therefore suitable for use in harsh conditions where a robust industrial sounder is required. The X10 Midi sounder comes with an Eaton 10 year Extended Warranty and offers up to 110 dB(A) with 102 tones, and a versatile 4 stage alarm to allow you to retrofit to an existing installation.
