8281-110

SUPER WIPES™

8281 wipes are industrial, lint-free, available in a convenient dispensing tub. These wipes are made with 100% non-woven polyester and will not tear during use. These highly durable wipes are excellent for absorbing liquids from surfaces and can be used with cleaning agents to remove fingerprints, oils, light greases, ink, grime, and flux residues from hard surfaces.

8281 wipes will not build up static charges when rubbed along surfaces. These wipes are great for cleaning cables, components, connectors, contacts, keypads, office equipment, production equipment, smart phones, and stencils, and can be used in cleanroom settings.

Features & Benefits

Wipe size: 15 cm x 20 cm (6" x 8")

Wipe density: 80 GSM

Lint-free and tear-resistant

Storage and Handling

Store between -20 and 27 ˚C in a dry area, away from sunlight.
