KB535 EQ Rechargeable Multi-Device Keyboard

The KB535 EQ Rechargeable Multi-Device Keyboard supports seamless wireless switching between up to four devices via 3 x Bluetooth® 5.4 connections and 1 x 2.4GHz USB-A receiver. Quiet, responsive scissor-switch keys deliver a premium typing experience, while four LED indicators for Num Lock, Caps Lock, Scroll Lock and Battery Life keep you informed. Customise workflows with 16 programmable keys, a Copilot key* and Function Lock. The full-size layout includes a number pad for efficient data entry. A rechargeable 500mAh battery lasts up to 3 months**. The plastic in the outer case of this keyboard is made with 41% post-consumer recycled (PCR) content*** and it is shipped in FSC® certified packaging. Windows, macOS and ChromeOS compatible and supported by optional Kensington Konnect™ software for customisation features. Includes a 3-year limited warranty. * Windows only. ** Battery life may vary based on usage. *** Excludes PCB assembly, keycaps, rechargeable battery, 2.4GHz dongle and charging cable.
