

PRIMEX
ABRASIVES' SIGNATURE

# TR512 **TOILE VERDUN**

## Both flexible and strong

### APPLICATIONS

- Recommended for carpentry works and mechanical repairs.
- Efficient on hard materials such as metals.
- Can be used for wet or dry sanding.

### ADVANTAGES

- Flexible thanks to the cloth backing.
- Waterproof resin allows wet or dry use.
- The aluminium oxide grain in a semi-open coating gives the product a durable abrasiveness.

### AVAILABLE SHAPES

Sheets

Cut

Rolls
