FOLDING KNIFE SAW 3 POSITIONS

Sturdy and lightweight: aluminum alloy handle.
COMFORT coating: bright red. High visibility on site.
Safety: blade fits inside the tool. For risk-free transport.
Tool-free blade change: magnetic locking and tightening knob. Compatible with all ERKO K9 and K13 standard attachment 150 mm saber blades.
3 positions: straight, angled inside, angled outside. So you're always in control of your tool, whatever the circumstances.
