NorTorque model 60, 16 mm spigot (Dual Scale)

The NorTorque® utilises Norbar's proven mechanism and internal components and incorporates them into a purposeful and attractive torque wrench

In developing NorTorque®, Norbar's objective was to deliver outstanding quality and performance in a value for money package. Fine engineering ensures that the wrench adjustment is both fast and fingertip light meaning that you can do your job more efficiently.

Supplied with a Declaration of Conformance which meets the requirements ISO 6789-1:2017

Accurate to ±3% of reading with models available to cover 12 N·m to 300 N·m.

Part number: 130141
EAN Bar Code: 5060207565547
NATO number: -
Accuracy: ±3%
Operates between:
12.00 - 60.00 N·m
10.00 - 45.00 lbf·ft

TECHNICAL SPECIFICATIONS

- Length: 323mm
- Weight: 0.60kg
- End Fitting: 16mm Spigot
- Scale Increments (N·m): 0.5
- Scale Increments (lbf·ft): 1

FEATURES

- Each tool is supplied with a traceable calibration certificate
- Convenient hanger feature for tool storage also aids wrench unlocking and adjustment
- Just eight turns to cover the entire scale
- Micrometer scale applying to the primary torque units (N·m on a dual scale wrench) for simple and error free setting
- Push/pull lock is fast and intuitive to use and prevents accidental adjustment of the set torque
- Light and fast adjustment saves operator time and effort
- Supplied with a Declaration of Conformance, which meets the requirements of ISO 6789-1:2017
