TECHNICAL DATA SHEET

Chainmail Apron

300 Micron Colours

CFIA FDA CE UKCA

Product Information	The simple, one-piece design makes the this apron a very popular choice where chainmail products are used. Designed to simply hang on the chainmail clips, from a grommet (it does not have neck strap). It has proven to be a comfortable, low cost and effective way to keep chainmail clear of any processing waste and contaminants. This product is custom made to fit any chainmail apron and is unique to Top Dog.
Best in class material	100% pure Polyurethane (PU). **We use Pure Polyurethane (PU) film because it is the best material available for reusable protective apparel.**
Reusable	Reusable: Day after day, week after week, month after month. **Top Dog products last longer.**
Food safe/ Anti-microbial	• **Enhanced anti-microbial properties:** Mold will not grow on this material. • **Topdog** Pure PU is slick: almost nothing sticks to (or stains) Topdog PU (grease, food/processing waste, cleaning chemicals, etc.). Virtually zero abrasion or adhesion. • **PU material will never crack.**
Durable protective apparel	Industry leading durability. Puncture and tear resistant. 100% water/liquid proof
Care Instructions	**EASY TO CLEAN/RE-USE:** **Popular cleaning choices** • Dip wash and hang dry **(Pure PU absorbs zero moisture).** • Machine wash/dry. Laundry safe to 82°C (180°F): Refer to laundering / cleaning instructions. • Many other methods available
User Comfort	Lightweight, supple, and comfortable to wear.
Sustainability	Topdog PU is 100% Recyclable
Compliance	CFIA, FDA/USDA, UKCA and EU compliant.
Colours	Industry leading five (5) colour choices: Aligns with HACCP/colour coding initiatives.
Thickness & Lengths	Thickness of 12 Mil (300 microns): Custom sized to match end-users chain mail buckle pattern; complete with waste ties and upper grommets for chain mail neck strap attachment. 100% resistant to animal fats, degreasers, cleaning chemicals and water (plus many more fluids and chemicals): Contact Top Dog for details regarding chemical compatibility.
Chemical Resistance	**The best choice in protective apparel**
