PERSONALIZE YOUR CASE IN 3 EASY STEPS
PERSONNALISEZ VOTRE VALISE EN 3 ÉTAPES FACILES

1 MEASURE | MESUREZ

Place all of your equipment on top of the pre-cut grid. Distribute until you have a suitable arrangement. For ultimate security, be sure to include a two-inch margin around your valuables.

Placez tout votre équipement sur la grille prédécoupée. Distribuez jusqu'à ce que vous ayez un arrangement approprié. Pour une sécurité ultime, assurez-vous d'inclure une marge de deux pouces autour vos objets de valeur.

2 REMOVE | RETIREZ

Remove the foam according to the shape outline by plucking it with your fingers or use a cutting tool for a more precise contour. Several tools allow you to effectively cut the foam: kitchen knife, exacto knife, hot wire cutter, electric knife.

Retirez la mousse selon la forme du contour en le pinçant avec vos doigts ou utilisez un outil de coupe pour un contour plus précis. Plusieurs outils vous permettent de couper efficacement la mousse: couteau de cuisine, couteau exacto, coupe-fil chauffant, couteau électrique.

3 PROTECT | PROTÉGEZ

Once the foam is cut, place your equipment back to check that everything fits. Adjust as needed if necessary.
