

The ergonomic mouse that gets you twisting!

R-Go Twister ambidextrous mouse

For left & right handed use and foldable thanks to its patented twist & fold system.

Ambidextrous design

Twist! With 1 simple movement, you change it from right- to left-handed mouse. By doing so, you relieve your "mouse" arm.

Foldable: easy for travelling

Thanks to the patented twist & fold system, the Twister is easy to take anywhere.

With integrated break indicator

The Twister has a break indicator LED that changes colour when it is time to take a break. With the latest Break software, you can stay fit during your workday.

Bluetooth 5.0 connection & wired in 1

Lightweight
Minimum weight for minimum muscle tension.

Thumb support
To prevent your thumb from sliding down, the mouse is equipped with a thumb support.

Patented break indicator
Download the R-Go Break software via **www.r-go-break.com**

Rechargeable battery
You can recharge your Twister mouse with the rechargeable battery to get up to 2 months of battery time.

Adjustable DPI

Personalize your mouse! *
The Twister can be personalized with your logo or favourite colour. Perfect for advertising or as a personal gift.
*From 100 pieces.

100% Recycled material
The material used for this mouse is 100% recycled plastics & aluminum.

Different sizes
Soft pads included to adjust size to Small, Medium or Large.

Patented twist & fold system
Twist easily from left handed use to right handed use with the patented twist & fold system.

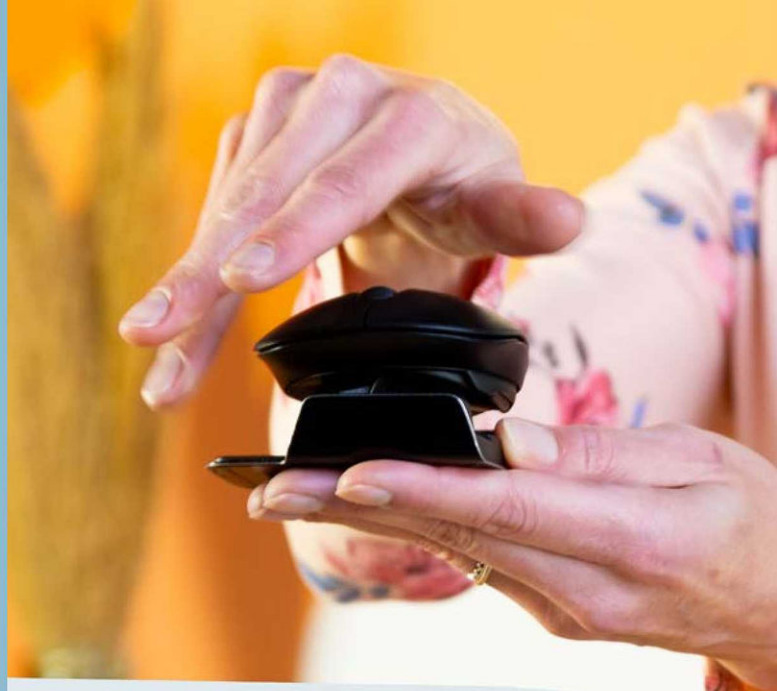
Ambidextrous mouse

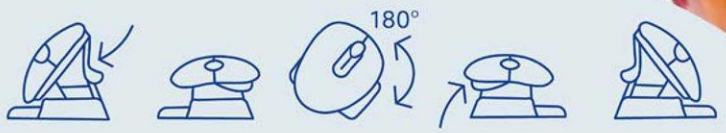
Twist & fold mechanism

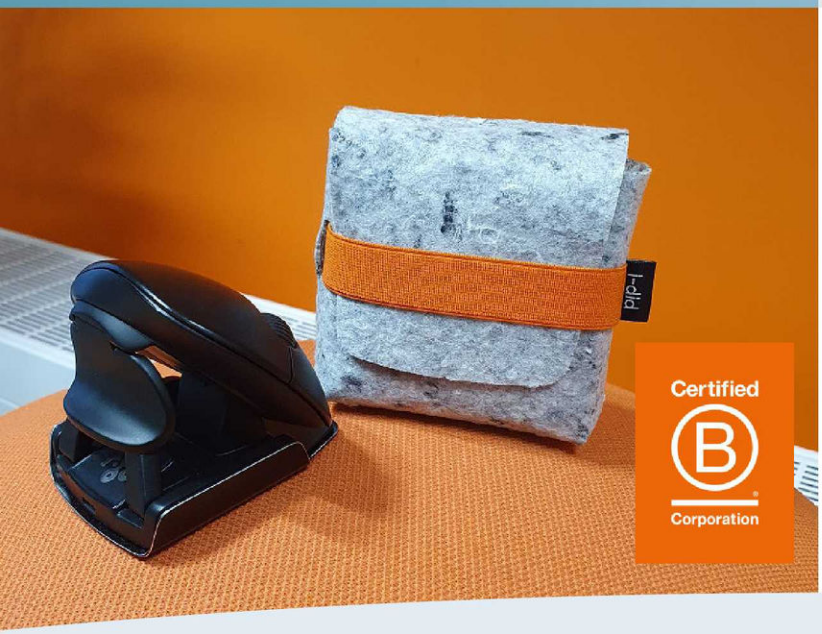
This unique mouse has a special feature: it is ambidextrous. As the Twister has a twist it contains a so called twist & fold mechanism. One moment you use the mouse with your right hand ... and then, with just one move, you switch to the left. By alternating this way, you relieve your 'mouse arm' and can continue working in a healthy and comfortable way. You can also share the Twister with your colleagues or roommates.

Ergonomic design

The vertical design of the Twister minimises muscle strain and allows movement from your arm instead of just your wrist, whether you are right- or left-handed. The round shape and support for thumb and little finger allows your fingers to rest relaxed.







We care for people in need

By buying the R-Go Twister mouse you help people in need. You receive the mouse with a trendy pouch from i-did. The pouch consists of felt made from 100% recycled materials and its manufactured in a social workplace. Folded up, you can ncarry the Twister in it perfectly and safely. This is one of the projects which makes us a Bcorp!
