

Multipurpose Cable Stripper

- For round and longitudinal cuts
- For accurate, fast and safe stripping of all common round cables
- Stripping of cables and conductors, without any adjustment
- Made of reinforced fibreglass plastic

SKU: 713-SB

General Information

Cable Knives and Cable Strippers
s cable knives are adjustable for cutting round the cable or along it. They are accurate and provide optimum safety for rapid stripping of all standard round cables. Stripping cables and wires has never been so easy! The cable strippers are self-adjusting, making them very easy – and also very fast – to use.

Connecting to the future
Solar energy is a clean alternative source of electricity. To make sure it is also a safe source, junction box and switch cabinet wiring has to be properly stripped, crimped and connected up. Using NWS wire stripping and crimping tools, electricians can handle wires and cables in line with all the applicable regulations and down to the millimetre. In this way, whether private houses, factory roofs or photovoltaic installations, they all become clean and safe players in the transition to renewable energy sources.

Technical Data

713-SB		
	Length - mm	140
	Length - in	5 1/2
	Stripping capacities - Ø mm	4 - 16
	Weight - g	85
	Length including self-service packaging - mm	270
	Width including self-service packaging - mm	100
	Height including self-service packaging - mm	26
	Weight self-service packaging - g	10
	Packing unit	1
	Barcode	40 03758 61300 9
