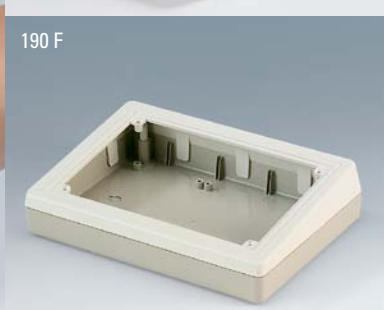
OKW GEHÄUSE SYSTEME



FUNCTIONALLY INCLINED

THE PRODUCT

The OKW DESK CASE range covers many different fields of application.

Choose a case that will fully meet your specific requirements in terms of size and tilt of the control panel.

Front panel versions are available for the installation of complete prefabricated electronics units.

YOUR ADVANTAGE

Various angles of inclination for the control panel, depending on requirements. Practical for operating and reading off the unit.

Suitable for numeric keypads and membrane keyboards.

Prepared for the assembly of eurocards 100 x 160 (138/190/190F/190H).

Versions with ample space for large assemblies.

Protection class < IP 40

Max. size of PCB (W x D in mm)

Desk case

	bottom part	top part
138	118 x 180	127 x 175
190 ...	180 x 118	175 x 127
220	210 x 147	–

(cutouts for pillars not taken into consideration)
