Nylon Cable Glands

Description

A wide range of cable glands are available in the Installation Materials range.

Glands are used to provide strain relief and protection, providing a tight seal when installing cabling into a pre-drilled hole.

Features

- IP68 rated, providing protection in harsh environments.
- Supplied in packs of 10 with locknuts.
- Flammability rating of UL 94-V2.

Compliance

- BS EN 62444
