AFA04R5

Adapter gland plate

This gland plate allows for mounting FL21 gland plates, commonly used in Scandinavia.

CHARACTERISTICS	
For opening	510 x 96
N° of FL openings	2xFL21
Gland plate type	4
Depth	128
Width	542

Item no.: AFA04R5
EAN no.: 8713574124080

Technical data

Description: Adapts FL gland plates to the wall mounted, steel enclosures gland opening.

Material: 1.4 mm mild steel.

Finish: RAL 7035 structured powder coating.

Pack quantity: 1 piece.

Features

Feature: Steel gland plate with a FL21 cut-out.

Advantage: The gland plate is prepared for mounting a wide range of standard FL21 gland plates, to manage the incoming and outgoing cables, without any machining.

Benefit: Fast assembly of cables using standard products.

Comment: The FL21 refers to a cut-out with certain dimensions used mostly in Scandinavian countries but also available to other markets. Another solution is to use a gland plate with pre-punched, knock-out holes (AFK).
