LR880 **PRIMIUM**

Top-of-the-range

APPLICATIONS

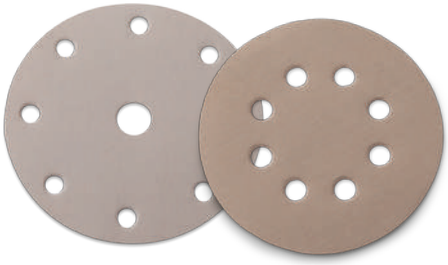

- Machine sanding.
- Recommended for technical industrial and automotive applications, particularly for finishing work.
- Car body, plastics, wood, paint and metals.

ADVANTAGES

- Very long life thanks to the self-sharpening grain and the very hard resin.
- Long lasting abrasion power.
- Allows top-of-the-range machine sanding, especially on all finishing work.

AVAILABLE SHAPES

Discs

Cut-sheets

Pre-cut rolls

TECHNICAL DATA

• Backing:	C-wheight semi latex paper
• Bonding:	resin + stearate
• Grain:	treated aluminium oxide
• Coating:	open
• Grit:	P150 to P1200
• Usual finish:	self-grip or foam, or foam + self-grip
