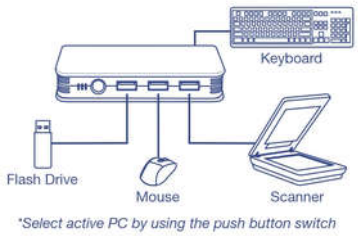
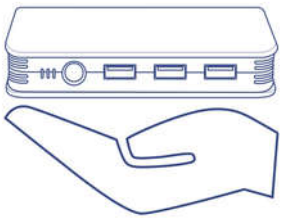
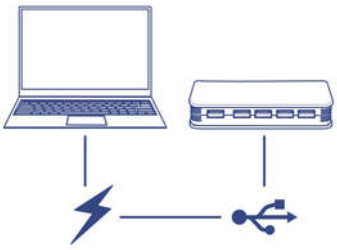
TRENDnet's Multi-Computer 4-Port USB 3.1 Sharing Switches each feature a switchable 4-port USB 3.1 hub that you can share between multiple computers. These USB switches are easy to install – simply plug in your mouse, keyboard, flash drives, or scanners, and then share those devices with multiple computers. The 4-port USB 3.1 share switches support a wide variety of USB peripherals with USB 3.0, 2.0, and 1.1 backwards compatibility.



Easy Installation
This USB switch is easy to install – simply plug in mouse, keyboard, flash drives, or scanners, and then share those devices with up to four computers.



Compact Design
A compact housing makes this USB 3.1 share switch ideal for desktop installations.



USB Powered
The USB switch is powered via USB – no external power adapter is required.
