

FlexDesk 630

With the FlexDesk 630 document holder conveniently place documents or digital templates, like tablets and mobile phones on the slightly tilted surface right in front of you.

With the FlexDesk 630 document holder conveniently place documents or digital templates, like tablets and mobile phones on the slightly tilted surface right in front of you. Easily pull the anti-reflecting satin surface towards you and take notes on it. The smooth-running rails allow the platform to slide forward. The high-quality acrylic material makes the FlexDesk 630 stable, and the transparent design ensures that your desk does not look overloaded. The FlexDesk 630 provides great features like three levels of height adjustment between 110 and 180 mm, anti-slip-feet, foam edge for the outer edge of the hand, high sliding edge for heavy file folders, a load capacity up to five kg, and a hidden pen-tray. Start working in a line with the FlexDesk 630 document holder and increase your working comfort and productivity.

Ergonomic background

Are you using your space between your monitor and keyboard efficiently? Make the most of the space between the screen and the keyboard and put the FlexDesk 640 there. Place from now on documents, heavy folders, notes, tablet, or smartphone in a line between the screen and the keyboard on the slightly inclined surface.You will automatically work in one line with your screen, documents, and keyboard. The documents, heavy folders, notes, tablet, or smartphone are lying in the correct angle and height in front of you. This makes it easier to read texts or write notes without bending your neck. You will directly feel less strain and you will start working more productive.
