SC Johnson Professional Workplace Dispensers

PRODUCT DESCRIPTION

Unique range of 1 litre, 2 litre and 4 litre closed, sealed cartridge dispensers that meet the distinct needs of any workplace and public facility environment.

USAGE

For exclusive use with SC Johnson Professional skin care products to create tailored skin protection and hand hygiene programmes.

METHOD OF USE

Large, 'easy-push' buttons dispense a controlled dose of product appropriate for the application required and empty cartridges are easily replaced in seconds.

FEATURES	BENEFITS
Colour-Coding	Easy visual identification of product type to encourage correct product usage and compliance.
Robust design	All SC Johnson Professional dispensers are manufactured from durable plastic components and rigorously tested for high usage environments, providing assurance of quality and longevity.
Guaranteed for life	SC Johnson Professional dispensers are built to last and guaranteed for life. If a dispenser breaks we will replace it.
BioCote® protected	Biocote silver ion technology effectively reduces bacteria, mould and fungi on the surface of Biocote® treated SC Johnson Professional® dispenser buttons within as little as 2 hours and achieves up to 99.99% reduction over a 24 our period**. Biocote® maintains its antimicrobial protection for the lifetime of the dispenser button and will not wear off, wash off or leach out. Biocote® technology is not a substitute for good hand hygiene practices.
Large push buttons	Minimise the operation force required to allow easy use by hand or elbow; suitable in hygiene sensitive areas.
Fixed product dose	Delivers the exact amount required, controlling usage and reducing waste.
Unique locking mechanism	Helps prevent unauthorised access, pilferage and product contamination.
Sight glass	Indicates the presence of a cartridge.
Simple cartridge replacement	Designed for exclusive use with SC Johnson Professional skin care system products to enable cartridges to be replaced in seconds, reducing maintenance time and costs.
Hygienic, airless cartridge	The ultrasonically sealed cartridge and pump mechanisms prevent the ingress of air into the cartridge during use to help prevent product contamination and ensure 'fresh' product is dispensed every time.
Minimal waste	The air-tight cartridges are designed to collapse to minimise product waste.
Battery Free	Our dispensers are battery free, reducing costs and the risk of landfill contamination.

* BioCote® is a registered trademark of Biocote Limited ** Efficacy is independently validated by ISO methods
