Enclosure case mounting kit:-

The mounting kit comprising (2) aluminium brackets and stainless steel fasteners has been designed to provide a method of securing the enclosure case into a fixed position.

The mounting brackets are secured to the base of the unit by utilising the t-slots and are fully adjustable along the length of the enclosure case.

Gasket kit:-

The gasket kit comprising (2) closed cell neoprene self adhesive backed foam gaskets.

The gaskets have been designed to be fixed to the enclosure case end plates providing the unit with a splash proof seal once fully assembled.
