Pricing and quotation

- All of the bundles have already pre-selected the **E36150ADVU** upgrade option. The **E36150ADVU** price is included and already summed in the bundle top model price (see Figure 1, 2, 3 and 4).
- For the automotive bundles **E36154AGVX**, **E36155AGVX**, **E36154ABVX** and **E36155ABVX**, the **E36150ATMU** upgrade option is already pre-selected and the option price is already summed in the bundle top model price (see Figure 2 and 3).
- For the good value bundles **E36154AGV**, **E36155AGV**, **E36154AGVX** and **E36155AGVX**, a discount price of up to $300 or around 6% is already structured into the bundles top model pricings (see Figure 1 and 2).
- For the better value bundles **E36154ABV**, **E36155ABV**, **E36154ABVX** and **E36155ABVX**, a discount price of up to $650 or around 11% is already structured into the bundles top model pricings. Please follow ***Step 3*** to choose a BenchVue Advance Software license type that fits your measurement application. A selection of a license type for either BV9200B or BV9201B is mandatory for the better value bundles and the license price will be rolled up into the total price (see Figure 3 and 4).
- For any additional selection of the available options in ***Step 4*** and available services and support options in ***Step 5***, the prices are individually listed and will be summed into the final price (see Figure 4).

Packaging

Each bundle will be packaged into a single box and shipped from the factory with a label indicating the bundle product number and contents. Note that products included in each bundle must NOT be broken out and sold separately.

Point-of-Sale (POS) reporting

Distributors will report the list of product part numbers including the selected options (if applicable) with its associated selling prices on the POS (e.g., E36154ABV, E36155A-SEC, E363GPBU, R-51B-001-5Z, R-55D-001-5ZU, etc.).

Rebates

The purchase agreement, quota achievement / performance rebates are applicable to the bundles similarly as the non-bundles.
