N2000ADP/K

* Adaptor for N2004 and **N2014** Diligence EV data loggers
* Connects up to 3 probes to N2004 or **N2014** Diligence EV data loggers
* Lumberg connector between adaptor and logger plus 3 sub-miniature sockets for type K probes
* Shown here with a typical range of type K probes:-

PK23M - oven/meat probe ideal for monitoring smokers and ovens in all cooking processes, easyclean stainless steel barrel and sub-miniature connector
AK28M - air probe for checking ambient temperatures in all applications
SK23M - surface probe with 90° crank, ideal for griddles and cooking surfaces
