ECO Bib & brace with ARC protection

These very comfortable and practical bib and brace feels light and supple thanks to the breathable fabric with moisture-regulating properties. The fabric is anti-static and inherently flame retardant; it protects you against heat and metal splashes. In addition, the Gramat retains its strength, it does not shrink and is resistant to pilling even after frequent washing. Both the braces and the waist are elastic and adjustable. With six pockets you can certainly store all your tools in these handy bib and brace trousers.
