Perfect mobile memory solution for media entertainment

Lexar® PLAY microSDXC™ UHS-I cards are designed to keep up with all your content, no matter if they are games, video, movies, music or books. Avoid slow load times with read speeds of up to 150MB/s[1] and fast A1 or A2-rated performance[2], so you can play more of what you love without missing a beat. Store more with large capacities up to 1TB you can save all your favorite multimedia files. With this card you can capture, playback, and transfer a large amount of the high quality 1080p Full-HD video. Ideal for portable gaming devices, smartphones, and tablets.

Unleash your entertainment. Great for use with your portable gaming device, smartphone, or tablet, the Lexar® PLAY microSDXC™ UHS-I cards make it easy to quickly load and transfer all your favorite media files, including movies, photos, music, games and books.

Connect to what you want faster. Cut down delays with fast transfer speeds of up to 150 MB/s[1] and get A1 or A2-rated performance[2], so you can load apps faster on your mobile devices and play more of what you love without missing a beat.

Immense capacities for your favorite content. With up to 1TB of space, these high-capacity Lexar PLAY microSD cards give you the speed and space you need to capture, transfer, store, and share more of what you love.

Capture and playback moments in Full-HD. You can quickly capture, playback, and transfer a large amount of the high quality 1080p Full-HD video—making it easy to store your greatest moments and then relive the action.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and solid-state drives. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

[1] Up to 150MB/s read transfer, write speeds lower. Engineered with advanced technology to reach read speed beyond UHS-I 104MB/s specification. Speeds based on internal testing. Actual performance may vary. Read speed full performance achieved only when paired with Lexar Multi-Card 2-in-1 USB 3.1 Reader or Lexar Professional Multi-Card 3-in-1 USB 3.1 Reader marked with Rev B. For more information, please contact Lexar Technical Support.

Lexar is not liable for any loss of data or images.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
