Traffi®

THE HAND PROTECTION **SPECIALISTS**

TG6060

A flexible, highly dextrous Cut E double dip X-Dura nitrile water resistant glove. The extended cuff provides additional cut protection, comfort, and ensures a secure fit to protect the hand from dirt and debris. A full dip water resistant glove with extra nitrile foam palm for enhanced grip, excellent abrasion and tear resistance in wet and oily conditions. With a yarn made from 12% rPET, this is also a more sustainable option to keep your hands protected.
